with coffee and croissants

## Demystifying AI

**Elana Maloni**

Elana Maloni, with a background in IT and Finance, will be helping those of us puzzled by AI to demystify it, demonstrating clearly in non-technical terms the ways we can use it to make daily tasks easier, give health and wellness advice, protect ourselves online, connect us with family – and giving us the chance to try it out either on our tablet or mobile phone. A 20-30 minute talk followed by all those questions you're longing to ask a human being!

As stated in the press last week "If you're not thinking about how this "transformative, awe inspiring" technology will affect you - your work, your children's education, everything - you're doing something wrong. We have been warned!"

Do bring along any friends who may be interested in this talk.

## Save the date for St Margaret's day
